### **DETAILED ACTION**

This application claims benefit to provisional applications 60/174,383, filed January 4, 2000 and 60/174,424, filed January 4, 2000.

Applicants after final amendment filed April 16, 2005, has been received and entered. Claims 1-81, 85 and 89-95 have been canceled. Claims 82-84 have been amended. Claims 82-84, 86-88 are pending.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The amendment to the claims have addressed the basis of the rejections set forth 35 USC 112, first paragraph. Specifically, the use of donor cells that are serum starved cells and in a quiescent state was known in the prior art (see for example, Stice *et al.* IDS reference), however the prior art does not specifically teach or make obvious the specific conditions of about ten passages in bovine, nor that practicing these steps would result in an efficiency of 64% as instantly recited in the claimed methods.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
